Customer Reviews

I love Cindy Berry and have several of her other books of arrangements. This one is nice but somehow didn't grab my attention/my heart as much as the others I have of hers. Nice, but I would trade it for another if someone had something that caught my attention more.

Love the arrangements - -some a little too difficult for me to play. I am not an accomplished pianist in any form - BUT I have been able to modify the parts and "fake" my way through most of them! Wish I had seen the entire book before I spent the money - but that is the chance I take when ordering on-line.

Cindy Berry pieces are always solid and reliable. I think I own all of her books, and I've used them all in church services of varying kinds. All of these pieces are based on the topic of peace and are

attainable by the late intermediate player.

Repetitive of other books of this kind. Not difficult

Great arrangements

I really like this book of Cindy Berry's arrangements. The selections are great and only require a minimal amount of preparation. This is an excellent choice for a busy person.

You won't go wrong ordering this book. Such lovely arrangements on each page. Thank you Cindy Berry!

Another group of good arrangements from Cindy Berry, especially "Be still my soul"
