Customer Reviews

I'm just a beginner lever harp player. Most (if not all) of these songs are easy enough for me to play now, but I can easily see them still being fun & challenging to play several years from now!

Many of the songs weren't at all familiar. Most arrangements need some improvisation or embellishment to be suitable for public performance.

Fine. Met all expectations. We already had the other two of this group so knew what to expect. No disappointments.

Useful. Missing some classic wedding requests, but over all very useful. More hymns than wedding stuff

Book includes 2 versions of each song. One is very simple and the other has fuller chords acceptable for playing in church services and weddings.

the two arrangements for each piece are very helpful. Good fingering suggestions.

great arrangements and varied difficulties. Good for special music at church.

Good transaction, good book
