For all you buckeye fans with kids this is a must have. It prepares are future buckeye fan with the foundation that makes game day a way of life. The author captures everything a child needs to know about being at game day and being a buckeye. I look forward to more growing up buckey books, so I can share the love of the buckeyes with my children. Go Bucks!

There are traditions ... and there are Ohio State football traditions. This wonderful book brings the joy of Ohio State football traditions to life through the eyes of a young child. I bought it to read to a little one (who loved it!!!), but now I just keep it out as a coffee table book/ discussion starter. I look forward to more books from this author!

I got Growing Up Buckeye for my 5-year old son and he loves it. When we were done he wanted me to read it again and again. He couldn't take his eyes off the pages. It has great illustrations to go along with the great story about the traditions in and around the 'Shoe on game day. I'm an alum living in Texas and we were thinking about making a trip to Columbus next fall. Now, we have to go or I'll never hear the end of it. Pretty sure this is already his favorite book.

Very cute and what a great gift idea!
