Finding Audrey

Synopsis

From the #1 New York Times bestselling author of the Shopaholic series comes a terrific blend of comedy, romance, and psychological recovery in a contemporary YA novel sure to inspire and entertain. Audrey wears dark glasses all the time, even in the house. She almost never goes out, doesn't talk to new people, and finds making eye contact to be nearly impossible. But then one day she meets Linus. Linus is her brother's friend and a sensitive spirit with whom she can talk through her fears. He makes her laugh and doesn't leave her feeling like she's being judged. As their friendship deepens, Audrey's recovery gains momentum, and she and Linus begin to develop feelings for each other. But how can they have a future together when Audrey hasn't dealt with her past? And how could anyone ever love her once they've seen her at her worst? An outstanding tragicomedy that gently explores mental illness, the lasting effects of bullying, and the power of friends and loving family to help in the healing. "Kirkus Reviews, Starred review. Kinsella's knack for humor and sensitivity shine." • Publishers Weekly

Grade Level: 7 and up

Customer Reviews

Oh, my heart! I loved this book so, so much - way more than I thought I would. Bottom line: this is my favorite portrayal of a mental illness in a book, possibly ever, and reminds me why I love Kinsella's writing. I've read some negative reviews about Finding Audrey that feel the book is making

light of anxiety, but I really disagree. Audrey's condition is never explained away, and Kinsella isn't condescending toward her MC at all. Instead, Kinsella uses her classic humor to bring levity to what could have been a serious (possibly dull) story. As someone who's struggled with major bouts of anxiety, I appreciated the humor. It reminded me that anxiety doesn't have to be a weight that hangs over you forever - there's still fun and friendship to be had amidst your struggles. What this book offered was hope, rather than wallowing in the mire of Audrey's illness. I also appreciated the honest inclusion of Audrey's irrational feelings. If you've experienced severe anxiety or depression, you can relate to her constant questioning of... - Is this ever going to end? Am I stuck like this forever? - Why can't I just be normal? - Is everyone watching me, thinking I'm a total psycho? - Am I a horrible human being who doesn't deserve life, because, obviously, I can't seem to handle it? - Would everyone be happier and less stressed if I wasn't around? Should I feel guilty about that? I also felt like the depiction of Audrey's "lizard brain" was so accurate, I felt like Kinsella had read my mind. I'll admit I teared up a few times reading Audrey's irrational (but very real) anxieties, as well as her conversations with her therapist, because it was almost like reliving parts of my own life.
