Customer Reviews

This is a great book for a first grade class, I use it for science and other natural cycles at school. It is a valuable resource if you are teaching Spanish at the same time you are touching down in content.

Muy  til para combinar con la versi n en ingl s del mismo libro. Adem s pueden agregarse lecturas, juegos did cticos y experiencias sobre el ciclo de vida de las plantas y de otros seres vivos. Utilizar semillas para sembrar, observar su evoluci n, tomar fotos de diferentes etapas de su ciclo de vida, etc.

Great book!
