Several evenings in a row, I have snuggled in bed with my youngest, and began reading "Then every night Mama says, "Good night, and remember. . ." Like any good bedtime book, "Most of All, Jesus loves You" has comforting rhythm and repetition. Noel Piper writes like a mother that has read many bedtime stories through the years. While bold and colorful, Debby Anderson keeps the illustrations in this book peaceful. Small children thrive in an atmosphere of love and routine--I think this book is a great aid in building both of those.

I read Most of All, Jesus Loves You! to my girls tonight. We liked it. It's short and simple, but it reminds my girls that no one can love them like Jesus can. The story starts with a mother tucking her children into bed. A cross and a picture of Jesus with children surrounding Him hangs on the wall. An open Bible is on the bed. Throughout the story the mother tells her children how everyone loves them. The story ends with the mother reminding her children that Jesus loves them most of

all. The last page is the picture of Jesus with children surrounding Him that was hanging on the bedroom wall. There are several aspects to this book that I really like...1. The family is interracial. Although the times are changing, I still do not see interracial families very often in storybooks. We are an interracial family so I think it is great when my girls can see that there are other families like us.2. The children that are with Jesus are from all around the world and are wearing traditional ethnic clothes. One girl appears to be from China so my girls really like that since they are Chinese.3. Everyone is always smiling. This is something I need to do more of. Most of All, Jesus Loves You! is a nice book with an all-important message. I can only recommend it.

I like that it says your family loves you but God loves you more. And is recommended for ages 2 to 5.-by J, age 8(posted by his mother)

This is such a sweet book. It's actually almost verbatim of what we say to our kiddos on a regular basis anyway, so it fits in with our nighttime routine perfectly. It's a simple way to reinforce to your little ones how much you love them, the rest of your family loves them, their friends love them, and most of all Jesus loves them.

My Baby is just 4 months old and she just loves this book, as i turn the pages she loves to see the bright colors and i feel that the message from the book means a looot even to an Infant... I truly loved this book.

This fun toddler book recounts a simple family ritual in which a parent reminds their young child of all the people in their life who love them, ending with "Most of all, Jesus loves you!" It is well written with pleasant repetition, with a solid message that young children will easily understand. It could make a good complement to Guess How Much I Love You, which expands on a similar theme without taking the final step between parental love and God's love. Its cheery illustrations are adequate to demonstrate the book's message, but are fairly unimpressive. This could be a classic if it were gorgeously illustrated.

Since this book was written for toddlers, I think that speaks volumes! It is simple and repetitive and even though she can't read, I catch her flipping through the pages and saying to her self "Mommy loves you" "Daddy loves you".... and I love it when she gets to the end "... and most of all JESUS loves you!" Priceless. Another bonus to this book that I never thought about until we adopted two

children from Ethiopia. The book shows that some of the family members are of a different race... perfect!!

We are now reading this well worn book to our third daughter who is about 19 months old. She loves it and "asks" for it in her own special way. This is just a simple book, but is great for bedtime. It's reassuring and sweet to a small child. I believe we could truly say we have read this book more to our girls than any other children's book.
