The Modern RPG IV Language Reference Summary-2nd Edition

Synopsis

Remembering all the new features of RPG IV (and how to implement them) is a daunting challenge. That's why Bob Cozzi created a 95-page quick-reference guide as a companion to his new RPG IV book. The Modern RPG IV Language Reference Summary gives you instant access to the answers you need to take advantage of the full array of new RPG IV functions. Keep it at your side, and you'll always know where you are in RPG IV!

Customer Reviews

This is the best book I've found on RPG IV or RPGLE or whatever they are calling it this week. The only reason I didn't give this a five star rating is the difficulty I had in finding information on certain parts of the file descriptors. These could have had more detail. The book would have been a lot longer, but the information is needed.
