Customer Reviews

This episode seems to wrap some of the threads up, though not to the usual standard. That cost a star. I absolutely applaud the more adult themes covered, partly because that is university reality and partially because John Allison's earlier work touches the edges and made it important to explore. It's done at the right depth, in my opinion, and with the right tone - a mix of confusion, wisdom and bitterness, with nobody entirely sure who has what. Again, very typical of university.
