OE Wants It To Be Friday: A True Story Of Inclusion And Self-Determination

Synopsis

OE is counting down the days until Friday. It's her favorite day of the week. Each day she has fun, but she knows she will have fabulous fun on Friday. She can't wait for her special time with Dad and her coach, Austin. Finding My Way Books honor children with special needs or disabilities by sharing their stories.

Grade Level: Kindergarten - 3

Customer Reviews

What a wonderful book about a very special little girl! I love the way the authors captured the joy and determination that OE shows each day. I also love the real pictures as they show a true story. Every child has their own interests and desires, even those with special needs. OE works very hard to do everything that she wants to do, even if she has to do it a little bit differently or if it takes a little bit longer. It also shows that adults with disabilities can be excellent mentors and role models for younger children. We all have something to share with the rest of the world. This is a great resource for schools and families teaching about inclusion and determination.

This book really captures the spirit of OE. She has a determination to do as much as she can and push herself to do even more! With such a wonderful spirit, she is loved by all who know her and is sought out by acquaintances when out and about. The book tells her story and how she loves to

maximize her abilities. She is very smart and it shows! The book will encourage others to "be all they can be" and help those with lesser abilities to do the same. I love the book!

What a fantastic book. Such a positive portrayal of the abilities of every child and the importance of inclusion. A positive resource for every classroom and homes where families are teaching their typical children to be compassionate and to see the strengths and abilities of every person.

Loved to get to know OE and her family and see the participation she has in her life. Having goals at her age is encouraging. The book was well written. The photography was great and so much color made one happy just to be reading it.

I am so excited to see this book available for people of all ages to read. OE is introducing the public to the amazing children and families of the disability world. Her smile and personality shine. "OE you are a real SUPER STAR."
